Health is Wealth

It is very true that Health is Wealth. As, it is only our good health which stay with us in any bad or good circumstances. If our health is good, we can bear any circumstances in our life. If one is not healthy, he/she would definitely suffer difficulties in life instead of enjoying the life. In order to maintain a good health eating balanced food, daily exercises, maintain good posture, enough sleep and rest, maintain cleanliness, regular medical check-ups are very important steps to be followed.

Yoga is an ancient art which was originated in India around six thousand years ago. Earlier people were used to of practicing yoga and meditation in their daily lives to live healthy and strong whole life. However the practice of yoga was declining day by day in such a crowded and hectic environment. Yoga is very safe and can be safely practiced by anyone anytime even by children. Yoga is a practice to bring body parts together to make a balance of body, mind and soul. Earlier it was practiced by the yogis to meditate them. Government and other
institutions also promote Yoga.
