KNEUS

KNEUS (Kusht Niyantaran Evum Unmoolan Samiti), Knowledge Park, 1, Greater Noida is a registered voluntary organization governed by the Agra Regional Bishops' Conference. It caters to the needs of people affected by Leprosy and TB. It currently looks after the education of about 100 children of the people affected with leprosy in collaboration with Fr. Angel School & Bal Bhawan, Greater Noida. Recently we have completed the building of a new old age home in the same campus which will start functioning shortly. We also run two clinics where we give free treatment to hundreds of TB patients. These clinics are run under the Revised National Tuberculosis Control Programme at Sector 10, Nodia and Bhangel in Gautam Buddh Nagar Dist.

KNEUS SCHOLASTIC APTITUDE TEST (KSAT)

KNEUS has been organizing KNEUS Scholastic Aptitude Test (KSAT) since 2015. 78 Catholic schools of our region participated in this test in the year 2016. KSAT is meant for reaching out to the students and to invite them to join hands with KNEUS in its mission of serving the less privileged section of our society. The income generated through this programme is used to support the projects of KNEUS to help the people affected by TB& Leprosy.

KSAT -3

Relying on the positive outcome and the feedback we received from the schools participated in KSAT- 1&2, we are launching KSAT -3 in 2017 with slight modifications.

KSAT - 3 will be conducted for the students from LKG - Class V on 25th November 2017 and 16th December 2017.

Rationale of KSAT

- ★ KNEUS is functioning totally with the funds locally mobilized.
- ★ To make it a proper regional health care centre that will cater to the needs of all the dioceses in the region we all should join hands together.
- ★ KSAT has a vast outreach. It has the scope of becoming a common scholarship test for the catholic schools of our region. (12 dioceses and more than 400 schools)
- ★ Our schools are already conducting various Olympiads and similar competitions organized by various private organizations. The funds raised through KSAT will be entirely utilized for the service of the poor.
- ★ In addition to the academic benefits and awards, the children become partners in the social outreach programmes initiated by the Catholic Church and the state.
